Write HTML and CSS code to create a grid of 9 color blocks (red, green, blue, pink, yellow, orange, black, white, aqua) arranged in 3 rows and 3 columns. Use class selectors for colors, and use an ID selector for a centered heading. Do not use margin, padding, tag's and use center tag.

Sample Output :

Create a styled webpage titled "Design Weekly" using only font and text properties (no margin or padding). Add a subheading with italic and small-caps style. End with a footer text centered and capitalized. You must use properties like font-family, font-style, font-weight, font-variant, font-size, text-transform, text-decoration, letter-spacing, line-height, and text-align.

Sample Output :

Design Weekly

Editor's Choice

`This paragraph uses monospace font.`

THIS PARAGRAPH USES THE FONT SHORTHAND METHOD.

This one uses a cursive and elegant font style.

TYPOGRAPHY MAKES YOUR DESIGN POWERFUL

"Typography is the craft of endowing human language with a durable visual form." - Robert Bringhurst

Task 3

Design an "Admin Portal" webpage with a heading, a section of vertical links, and a footer. Use only CSS id, class, to style the page. One of the links ("Logout") must be uniquely styled using an id selector.

Sample Output :

ADMIN PORTAL
